

DD/S&T Staff Meeting
Thursday, 25 Jan 1968

25X1A The Deputy Director presented an Exceptional Service Emblem, the first of its kind in the Agency, to [redacted], currently in OCS.

DD/S&T discussed the following items:

25X1A [redacted]

25X6 2. The Directorate's overseas staffing for [redacted]

25X1A 3. [redacted] desires for a monthly session.
25X1A [redacted] would like to cover items of recent interest and our analysis of them; recent S&T studies of interest; upcoming events of interest which S&T anticipated; and any other items which S&T felt worthy of consideration or study. DD felt that there should be a specific agenda for each meeting in order to assure the correct clearance mix for DOD personnel in attendance.

4. CPC meetings and said that he felt the need for a short-term action to couple the R&D programs with collection and analysis. He asked [redacted] to draw together a group from the various offices who would meet to talk through intelligence problems and their collection potentials. He noted that, e.g., the USSR still comprises 80 percent of the Community's targets and, yet, new S&T collection schemes would appear to be concentrating 50 percent on China. Perhaps

25X1A

going to impact on the U.S. defense budget. [redacted]
will check with the various offices during the course
of next week on the establishment of and the scheduling
for such a thinking group.

25X1A

5. Interest of [redacted] in geodetic measure-
ments. He will be back in the U.S. in March. OSI should
take the lead in contacting FMSAC, OSP, and ORD to
organize for a meeting with [redacted] at that time.

25X1A

D/FMSAC noted that NPIC would conduct a briefing in
the S&T conference room tomorrow at 1600 on SS-9 silo
constructions.

25X1A

[redacted] explained a systems analysis scheme
for evaluating ELINT collection in the [redacted]

25X1A

25X1A

25X1A

[redacted]
D/ORD discussed [redacted] interest in the ORD
shopping list. The DD asked that [redacted] meet
with him to review this.

25X1A

D/OCS discussed the efforts of the Data Base Working
Group and said that he would follow this up with [redacted]
and the DD.

25X1A

DD/OSI discussed possibilities of broadening the con-
cept "qualifying service" in connection with the CIA
retirement system.
